

The Jefferson County Chamber of Commerce has been dedicated to serving the Business Community in Jefferson County for over 55 years.

As the gateway of professional opportunity in our pursuit of excellence and goodness, we strive to be the best possible partner to our chamber members. We want to continue to build a community of goodwill, satisfying our own need for connection and for finding larger meaning in our work, while helping generate success for our chamber members.

As a For-Purpose organization that promotes profitable and vital growth for our business members through dedicated collaboration, networking, marketing, membership events, and education. We constantly strive to find and develop innovative programs that offer real value to our members. Today, I am pleased to announce another such program.

Over the past few weeks, your chamber team has been working diligently with Empower Financial Group of the U.S, the number one producing insurance brokerage in the nation for CIGNA supplemental benefits. The fruit of our efforts has resulted in the Jefferson County Chamber receiving its own CIGNA Group Number.

This now means that the Jefferson County Chamber of Commerce can now offer our members the opportunity to provide GROUP supplemental benefits at GROUP prices for you and your employees. We are beyond excited to offer these additional benefits.

Additionally, Empower Financial Group has a unique program that allows qualifying businesses to provide a Preventative Care Management Program that increases employee health and well-being. It also provides money to be used for supplemental benefits, and reduces the employer's payroll tax liability. All with NO reduction in the employee's take home pay and no additional cost to the employer..

As a member of the Jefferson County Chamber of Commerce, this program allows your business, no matter how small or large, 1 to 1,000+ employees, the opportunity to offer group benefits from one of the largest health insurance companies in the nation.

Over the next several weeks Russell Parker from Empower Financial Group will be reaching out to each of our members to discuss in detail the value of this chamber member program. I would encourage you to take a few moments to learn about this wonderful and exciting opportunity for you and the employees of your business.

Should you have any questions, please do not hesitate to contact me at the Chamber office by calling 304-725-2055

Sincerely,

Heather McIntyre
Executive Director
